STUDENT PACKING LIST and INFORMATION

This year your child and their classmates will have the opportunity to participate in a residential environmental education program. The program will be conducted by Exploring New Horizons Outdoor Schools as an integral part of the regular classroom curriculum. Our knowledgeable and experienced naturalists will engage students in hands-on learning in a variety of ecosystems, focusing on social emotional learning, ecology, environmental stewardship, conservation, health, and the arts.

Exploring New Horizons combines the teaching skills and talents of the classroom teachers, our naturalist staff, and trained high school cabin leaders to provide a unique learning experience. We place an emphasis on developing an understanding and appreciation for our natural environment. Lessons focus on redwood ecology, marine biology, botany, geology, astronomy, animal behavior, cultural history, and problem solving. We foster cooperative, trusting and supportive relationships between the students, their cabin leaders, the Exploring New Horizons staff, and classroom teachers.

The weather in the redwoods is likely to be quite variable. We may experience warm, sunny days, drippy fog, chilly evenings, rain or any combination of them all! Those students who are well prepared for all types of weather are the ones who are most comfortable and best able to enjoy their experience at the outdoor school. Clothing that is comfortable, warm and functional is important. Please follow the list closely, as it has been compiled after many years of programs. Children will carry their own luggage; please pack everything in only **ONE suitcase or duffel bag** (sleeping bag and pillow can be carried separately). Most importantly, be sure to **label everything**. For example, you can pack the sleeping bag and pillow in a garbage bag and label their name on the outside with a piece of tape.

<u>ESSENTIAL EQUIPMENT</u>		<u>OPTIONAL EQUIPMENT</u>	<u>DO NOT PACK</u>
sleeping bag & pillow	bathing suit (for showers)	shower sandals	Food, candy or gum
fitted twin sized sheet			
warm jacket	1 pair sturdy hiking shoes	DISPOSABLE camera	Hair spray

	Sunscreen		ANYTHING VALUABLE
	2 plastic garbage bags		

BRING A BAG LUNCH FOR THE FIRST DAY. ALL OTHER MEALS PROVIDED. FOR SPECIAL DIETARY RESTRICTIONS, PLEASE CONTACT THE CAMP 2 WEEKS PRIOR TO YOUR CHILD'S VISIT.

LOCATION Exploring New Horizons at Sempervirens is located on the property of the Redwood Glen in Scotts Valley. The site is owned by the Salvation Army and the ENH staff runs the educational program. The site is located in the redwood and oak forest approximately 9 miles north of Santa Cruz.

FACILITIES The outdoor school site is particularly well-suited for our program due to its variety of ecosystems and its proximity to the coast. The accommodations include: 20 heated sleeping cabins, each with their own restrooms and showers, dining hall, large lodge for activities, classroom teacher sleeping quarters, and a large recreation area. Tasty, nutritious meals are served by the Redwood Glen kitchen staff.

SUPERVISION The students' safety and well-being are of primary concern during their stay at the outdoor school. The students are supervised on a 24-hour basis by the Exploring New Horizons teaching staff, classroom teachers and trained high school/college/parent cabin leaders. Your child's cabin leader will be sleeping in the cabin at night for supervision and safety.

HEALTH AND SAFETY

Sempervirens is a part of Exploring New Horizons Outdoor Schools, a non-profit which has worked with more than 200,000 students in the last 40 years. Consequently, we have a rigorous safety management program that incorporates all participants. Students are expected to follow safety rules and boundaries. Any child that cannot comply with these rules will be removed from the program by the parent or guardian.

Our teaching staff is trained in First Aid and CPR. Some staff members hold advanced certifications such as EMT's and Wilderness First Responders. Full-service hospital is located in nearby Santa Cruz. You would be contacted immediately should your child need to go to the hospital. Due to the cabin living situation, please do not send a child with communicable disease such as strep throat, flu, fever, chicken pox, head lice, etc.

If your child has emotional and or behavioral concerns, please contact the camp as soon as possible to discuss some of your child's needs with the Program Director. The success of outdoor school can boost a child's self esteem and independence. Not making it through the week because the child's needs aren't met, can have adverse effects. We want to set each child up for success, so it is up to you to communicate their needs on their medical form as well as contact us for a follow up discussion if need be.

MEDICATION

Students will be allowed to keep their bee sting/extreme allergy shots (Epi pens) and asthma inhalers with them in their cabins. **ALL OTHER MEDICATION IS KEPT BY THE OUTDOOR SCHOOL MEDIC IN THE INFIRMARY** and is given to the students as specified on the medical form. When you send medication with your child, **it must be in its original container with complete instructions for administration.** Please keep all medication separate from luggage and give it to your child's teacher prior to departure for outdoor school. The medication will be returned to you at school when your child returns.

If your child needs over-the-counter medication during the week, we will administer it ONLY with your written permission on the medical information form. Please be sure to fill this out completely, with specific information regarding physical limitations, allergies, and medication.

****NOTE** If your child has any special physical, medical, or dietary requirements, please indicate them on the medical form and discuss them with the classroom teachers and/or the outdoor school staff so that we can assure your child receives the necessary care.**

CONTACTING STUDENTS

The best way to communicate with your child while they are at the outdoor school is through writing. Receiving mail is very exciting for the students, so we encourage you to write. It may take as many as 4 days for mail to reach the outdoor school, so plan ahead and write early--sending a letter the week before is your best bet! Just be sure to indicate your child's school with the address as follows:

Student's Name/ **School Name**
c/o Exploring New Horizons Outdoor Schools at Sempervirens
3100 Bean Creek Road
Scotts Valley, CA 95066

We discourage parents from calling just to chat; students are very involved in program activities. However, in case of an emergency or special circumstance, please contact us at our office at (831) 252-7868.

COST

The teachers will announce the cost for the outdoor school program. This fee includes room and board, instruction, supplies, transportation, and insurance; and may be reduced depending on fundraising efforts. If you have any questions concerning cost, please talk with your child's teacher. Each school is contracted by Exploring New Horizons and needs your donation to keep this opportunity alive for generations to come.

Your child's experience at outdoor school will be enjoyable, educational, and unforgettable!! Please call our office or email the Program Director, Danny Beutler at: daniel@exploringnewhorizons.org if you have any further questions. Thank you.
